Meet Dr. Richard Roberts, Prof. Matteo Calisi and Henry Cappello

Dr RICHARD ROBERTS holds qualifications in medicine, theology, and counselling. He has experience in church leadership and as a theological educator. Richard is a trustee of the International Charismatic Consultation and of Ffald y Brenin retreat centre in Wales. Since 2012 he has been involved in official contact between the New Charismatic Churches (non-denominational) and the Vatican. He is the author of *Cultivating God's Presence: Renewing Ancient Practices for Today's Church* and *We See In Part: Reframing Prophecy Today* both available on Amazon.

Prof Matteo Calisi is an international leader in the Catholic Renewal Movement. In 1981 Rev. David Du Plessis prophesied that God would use him to help reconcile Christians with each other. Since then the Community of Jesus, which he founded, has spread across the globe helping Christians discover their identity as Children of One Heavenly Father who desires to fulfill Jesus' prayer in John 17 that the world be evangelized through reconciled diversity. Pictured here with Matteo is Pentecostal Pastor Giovanni Traettino who has led the efforts to help Pentecostals and Catholics understand each other.

Henry Cappello is the founding President and Executive Director of Caritas in Veritate - CiV Global. Founded in 2010, [Caritas in Veritate](#) is a charitable missionary confederation for integral development and human progress founded as an expansion of the mission of Youth Arise and a response to Pope Benedict's call for Charity in Truth. He is currently coordinating the Global 2033 initiative which is building a consortium of Christian leaders dedicated to missionary discipleship during the decade leading up to the 2000th anniversary of the birth of the Church. Henry and his wife Sabina have been married for 28 years and have two children, Tiffanie and Jeremy, both graduates of the University of Notre Dame.

We are encouraging Christians of every tradition to **Lift Jesus Higher** on Saturday June 3rd from 10-noon. Let us inform you about this opportunity to show our society that Jesus is greater than any human disagreements. Come learn about this local effort to make John 17 more visible.
